

St. Paul Canadian Legion Plan On Purchasing Elite Theatre Building

J. Stinson To Erect Modern Theatre

Negotiations are being made by the St. Paul Branch of the Canadian Legion to purchase the Elite Theatre Building in St. Paul from Mr. J. Stinson for the reported price of \$150,000. The Legion plan to remodel the building, having a large club room, hall, and of course contained therein. The previous plans were to have a new building erected as their permanent quarters which are in the Elite Theatre building are not suitable.

Sales Tax Repeal Asked By Tax Association

Taxes may be levied so as to encourage industry, increase production and lower the cost of living.

All taxes on production are opposite. They increase the cost of living, lower the demand for the things produced and create unemployment. If the possession of land was taxed and not the use it was up to, no one would keep land idle and there would be no security of buildings. Houses would be kept in repair and there would be no slums.

But the majority of taxes have the contrary effect. They penalize industry, increase the cost of making and exchanging things and the multiplicity of such taxes can destroy civilization.

The worst of all possible taxes is the Sales Tax, for it is a penalty on exchange, the basis of our civilization. It is a fine on the day of helping one another by exchanging services and goods. Wherever this tax has been applied, it has resulted in inflation, lost time and unemployment, increasing poverty, crime and disease.

In the middle ages Spain levied a sales tax. She was the most important trader in the world. Her ships were in every port on the sea and her naval power, her noble land lords brought the sales tax into force in order to escape the feudal responsibility of supporting the church, the state and the poor, which was the feudal system. Inside of 50 years she lost her trade and sank to the level of a fifth rate power. The nobles came to poverty and the saying "as poor as a Spanish Grandee" became a proverb.

The sales tax increases the cost to the consumer when it is levied on the last product. But when it is levied on a product used in the making or exchanging of anything it is provided in some cases for every dollar the government gets the consumer may pay two, three, four or even five dollars.

The two great railway systems are demanding an increase of 30 percent in freight rates, an increase, which if granted, will of necessity, raise prices and invite similar demands by every group of workers and producers in Canada.

If instead, the sales tax is repealed, it will lower prices. It will increase buying power and the volume of goods produced, sold and transported, reduce cost, while increasing the volume of

Mr. St. Paul, however, said that the 1978-79 season was the worst in 20 years for the U.S. dairy business, and the late May 1979 drought was the last straw. The dairy industry was afflicted by a series of misfortunes. The government was obligated by a court decision to give away dairy products, which were a torriduous loss for the industry. The drought in the dairy belt reduced the feed crop, and the currency conversion receipt for the 38 weeks was held at a low level. Mr. St. Paul said that when Mr. Finner's Treasury Department report came out, the dairy industry was in a desperate financial straits. The happy conclusion was that the government was to be commended. These facts are the saddest. The weather can be the worst enemy in Vancouver. MAN WHO DON'T HERE, HE SAYS—Meet the little man who the men who could run about with a sword transfixing his back, says, "I don't care." He is Arnold Gerrit Johansen, a friend, who baffled the medical staff at the Zurich university demonstration of his strange power, shown above. At Top, is the spot to thrust the blade of a rapier-like spear three inches. Below, the blade is soon half at one side and half at the other, after piercing one of the vital organs of his body down a flight of steps with the spear in this position. When withdrawn Hermann lost only a few drops of blood. "I am not vulnerable," he said.

Rising Time Yeast and 1 tsp. sugar to 1 c. lukewarm water. Let and let stand 10 minutes. Scald 1 c. milk, add 5 c. sugar and 2 tsp. salt and cool to lukewarm. Add to yeast mixture. Add 3 c. sifted flour and beat until perfectly smooth. Add 4 t. melted shortening and 2 c. more sifted flour, or enough to make easily handled dough. Knead well. Place in warm setting and let

rest in warm place until doubled in bulk, about 1½ hours. Punch dough three times in bowl and let rise again in warm place until nearly doubled in bulk, about 40 min. Warm lightly, roll into thin rectangular sheet 1½" thick. Brush with melted butter or shortening; cut into strips 1½" wide. Place strips on parchment or waxed paper 1" wide. Place strips up to pressed rubber pressure; let rest on surface 1 min, free from dust, until lightly, about 1 hour. Bake in oven for 20 minutes.

after all

It looked for a while as if a temporary financial problem in the family might keep Mary from finishing "High". If she had to quit school to help the family income that would have meant goodbye to her hopes of becoming a nurse.

But here she is, starting her final year. Did her Dad suddenly come into money?

No... and yes. He consulted his bank manager, who told him how the bank, through personal loans, often helped people to meet just such situations. Arrangements were made, and now Mary will take up nursing after all.

In 1940 Canada's banks made half a million personal loans to Canadian men and women.

"Fine and thanks," she breathed then dashed excitedly back into the house calling to her mother.

The Coburn family—Edith, John, Smitha and O'Reilly—John knew them all by their first names. He wondered if they knew he existed—except in a machine.

John's shoulders ached a little more as he stood in the back of the office for the last time. It was hard giving up the route, but it was harder still realizing he'd never had more than just a postcard.

He didn't know what to think when he got his 12 to the locker room and found a long letter tucked under his civilian hat. Slowly he opened it and read the letter inside. He read the last paragraph three times:

"I may be outed our nation's constitution upon your judgment. Your presence as Guest of Honor at the dinner is desired in order that we may have our nation for the next year's year of kind and faithful service to this community."

(1 PAN)

- 2 cups sifted cake flour
- 2 teaspoon baking powder
- 1 teaspoon salt
- 1 tablespoon butter or other shortening
- 1 cup sugar
- 1 egg unbeaten
- 1 cup milk
- 1 teaspoon vanilla

Put flour, sugar, measure salt, baking powder and salt, and sift together.

Without stirring until a small amount of mixture forms a very soft ball in cold water (333 deg. F.). Remove from fire. Add butter and vanilla. Cool to lukewarm (110 deg. F.). Beat until it is right consistency to spread. If necessary, place over hot water to a p.s.d. while spreading. Makes enough frosting to cover top

Says Weekly Papers Should Raise Prices

EDMONTON—As the annual convention of the Canadian Weekly Newspaper Association opened here today, the editors of the country's largest weekly press urged that publishers raise their rates.

The Edmonton-based News Press was host to the gathering, which drew delegates from across Canada.

The association's president, J. H. McEwen, said that the industry had suffered a "severe blow" due to the depression and that it was now facing a "critical situation."

He called for a "re-evaluation of the value of the newspaper to the public" and suggested that publishers consider raising their prices to reflect the cost of production and the value of the service provided.

McEwen also pointed out that the industry had made significant contributions to the community during difficult times and that it deserved recognition for its efforts.

The convention will continue through tomorrow, with sessions devoted to discussing various issues facing the industry and planning for the future.

opment may be taken for reasons as simple as the fact that the city is growing.

Our changes are much too small to make a difference in the way we deal with the rising prices of materials and labor. The cost of doing so is twenty politicians is high and, in the end, the city would be no better off and make certain we don't go in the wrong direction. We have to be careful to see that our changes don't get us into a situation where we are not able to do the way they saw, the only solution is to change the way they saw.

A. Clark, secretary in his report stated that a full time member would be needed to handle the work of the city. He said that the city would be able to do all the work necessary. He said that the city would be able to do all the work necessary. He said that the city would be able to do all the work necessary.

ELEVEN YEARS AGO

Eleven years ago, on December 15, 1934, the first issue of the Journal was published. It was a small, modest publication, but it has since grown into one of the largest and most influential newspapers in the province.

The Journal has always been a voice for the people of St. Paul and the surrounding area. It has covered the history of the community, the lives of its residents, and the events that have shaped its future. Over the years, it has become a trusted source of news and information for its readers.

Come And See Us At Work, Farmers

"Let There Be Light" Between Us

You are sure to find a lot of interest in the work of the Journal. We are always looking for new ways to serve our readers and to provide them with the most up-to-date and accurate information possible. We invite you to come and see us at work, and to let us know how we can better serve you.

To The Honorable George G. Brown, M.P.

Miles in Washington State

VICTORIA, B.C.—Canada may be a 90-year-old man in terms of United States trade in the State of Washington, when plans are plotted for construction of Victory Highway as part of the southern trans-continental road system.

Walter Macarty of E. C. Curran, Inc., 1000 Commercial, and secretary of the Washington Automobile Association, is making plans to build a road from Grand Forks, B.C., using through Alberta, bringing them to the international border and cut back into the United States.

It would measure 35 miles of two-lane, macadamized, 16-ft. right-of-way, with a total cost of \$2,000,000, or, in fact, less.

Macarty, a leading Canadian, will have to traverse against the opposition of the United States at Ottawa and Washington, D.C., but it has been suggested a "road show" will be mounted, with the territory undisturbed outright.

**IMPROVE QUALITY
OF FISH**

VANCOUVER - Higher quality fish for Canadians in inland spots may result from research mapped out for 1984 by the Pacific Fisheries Experimental station at Nanaimo.

Niall M. Martin, station director,

It should be noted that Canada exports to the Western Hemisphere countries in the last five years comprised 67 per cent of her total exports, a fact which emphasizes the importance of European trade to the maintenance of Canada's economic life.

Mr. Doherty pointed out that Canada had already done much to help provide Europe with the necessary raw materials and foodstuffs. He

Light horse judging competition for boys and girls will be held at the Calgary and Edmonton arenas this year. J. G. Patterson, director of the Canadian Horse Shows association, said:

Three million bushels of wheat are shipped about equally, are not available to Belgium and Northlands from this year's harvest.

ter is an attraction just of the selling.

WRESTLE 'HARPE' BY ONE LIFE-SAVER—Wo, the Mike Sharpe, shown with his father and brother, became a life-saver in Hamilton, Ont., after a swimming pool into which they had fallen. At

resting match between Sharpe and the Masked Marvel at Hamilton's municipal pool a soldier spectator swung a haymaker at the Marvel and the resulting confusion of spectators crowded and pushed the other on to the naturalists over the pool. The walks collapsed. Sharpe pulled the spectators out of the water as fast as they fell in, no one was injured, but nearly

Dr. McCann, at a press conference, tabled copies of the division's new "Prairie Farmers Income Tax Guide and Farm Account Book". He stated that similar guides and account books will be available soon for use by all other Canadian farmers.

Of 655 828 Canadian farmers, 126,

McCann said the division has returned and leaves from Indiana farmers.

McCann at a press conference, tabled copies of the division's "Income Tax Facts for Farmers, 1964" and "Farm Account Book." He stated that similar guides and annotated forms will be available soon for use by farmers.

Of 552,929 Indiana farmers, 156,000, or 28 per cent filed income tax returns last year, he said.

McCann stated, "Of this number 55,000 or 3.5 per cent, filed no returns, although where income tax returns showing they were not subject to tax under the existing scale of income tax exemption." He added that the division has checked 77,611 of the returns of 156,000 farmers who filed returns.

McCann said the figures as to the total income returns actually paid

By DeMcullen, at a press conference, tabled copies of the document titled "Private Partners: Income Tax, Gifts and Farm Account Books." He stated that the document would be available in book form by the end of the year. The document would be available soon for \$500.00. DeMcullen stated, "Of the same document, we're going to have a general version where income tax has had to be paid. The document has been submitted to the Internal Revenue Service and the document is scheduled to be published in the near future. It will be available in book form."

DeMcullen had to agree as he was not a partner in the partnership. He stated that the document was published by Canada's farmers in the year of 1980.

DeMcullen also produced energy and a document to supply the entire world for 14 months.

[illegible][illegible]

Dr. McEachan at the Canada Conference, talked support of the domestic liquor supply pattern known as the "Crown and Partners Account Book." Its details of this similar private and socialist model will be available soon for use by all other Canadian farmers.

Dr. McEachan stated that 1981-1982 or 2011 per cent. fixed incomes return for the fiscal year 1981-82, Dr. McEachan stated. Of this amount \$1300 or \$15 per cent. fixed income returns where income was fixed to be paid; while \$2775 fixed income showed they were not subject to be paid under the existing scale of Income Tax exemption. Dr. McEachan added that the livestock loan checked 72.61 of the returns of 1980-81

Dr. McEachan had no figures as to the total income of the livestock activity paid by Canadian farmers in the past 20 years.

Progress in Research

RECENT PROGRESS IN RESEARCH in Canada was outlined in the first report of the National Research Council, made public in the fall of 1947. At a time when the production of scientific facts are in demand of more and more, it is interesting to know that the Research Council is constantly carrying on investigations into new methods of improving the results of scientific research in industry. The report deals with the state of more than 1,000 reports in the various fields of the council, including those related to food chemistry, refrigeration, water, soil, minerals, medicine, heating, lighting, traffic, radio, construction and navigation.

Remember these unusual incidents of the life of the St. Paul Journal

Comparing the news of the day with the news of today is a task that is not only interesting but also instructive. The St. Paul Journal, in its eleventh year, has a record of many unusual incidents that have shaped the life of the city and the province.

A great news item that appeared in the St. Paul Journal on the 11th of the month of the year 1900, was the news that the St. Paul Journal had been awarded the first prize in the St. Paul Journal contest.

What's the Good of UNEMPLOYMENT INSURANCE?

\$27,500,000 was paid from the Unemployment Insurance fund to unemployed Canadians from September 1, 1941, to October 31, 1947.

What's the good of Unemployment Insurance?—Can there be any doubt? Unemployment Insurance helps the employer by providing unemployment with purchasing power, and helps the worker by providing maintenance allowances during unemployment.

New Traffic Gadget Cuts Speed Of Cars Passing It On Busy Roadways

(By HAROLD KERN, Central Press Columnist)

San Diego, Cal. — For years, policemen and highway safety engineers have struggled with the problem of reducing the speed of an approaching vehicle without having to stop and follow it through hazardous roads.

Today, R. B. Lockwood, director of highway safety engineering, has a new gadget to try. It is a small device that can be placed in the road to slow down a car.

When the switch is turned on, the device sends out a signal that is picked up by a car's radio receiver. This causes the car to slow down.

As though he were a "ghost" runner, Lockwood has been to the police to get a "ghost" runner. This is a small device that can be placed in the road to slow down a car.

OUR COMPLETE MONEY STORY—

A Dollar For Luck

By ROGER K. YERLAND

A LITTLE girl in a pink dress, with a white bow in her hair, was standing in front of a large, ornate building, possibly a church or government building. She was looking up at the building with a sense of wonder and awe. The building was made of dark stone and had many windows. The girl was holding a small object in her hand, which she was looking at intently. She was standing on a sidewalk, and there were other people walking around her. Progress in Housing

THE HOME LIFE INCREASE has been one of Canada's foremost problems and in spite of efforts which have been made to solve it, it appears that there is no immediate prospect of its solution. The situation is such that the need for improved housing is becoming more and more acute. In the past few years, there has been a considerable increase in the number of people living in urban areas. This has led to a corresponding increase in the demand for housing. The government has taken steps to address this problem, but progress has been slow. The Housing Act of 1944 was a landmark piece of legislation, but its implementation has been hampered by various factors. The shortage of materials and labor has been a major obstacle. Despite these challenges, the government remains committed to improving housing conditions for all Canadians.

Many Tenants Form House
There have been some, however, for attention to need housing problems and in improvement in the standard of home living might well prove an important factor in encouraging people who have given up on the idea of returning to the land. In recent years it has been realized that the little attention has been paid to the housing problem in rural areas, and it is now being given more consideration. The government has established the Rural Housing Commission to study the problem and make recommendations. The commission has held several public hearings and has received many suggestions from farmers and rural residents. It is expected that the commission's report will be published soon.

The creditors are shocked by his letter and are trying to figure out what to do next.

Wheat Board Has Large Surplus

OTTAWA - The Canadian Wheat Board has built up a surplus of 150,000 bushels of wheat. This is a significant achievement for the board and for the Canadian wheat industry. The surplus is the result of a combination of factors, including a good harvest and a decrease in demand for wheat. The board is now looking for ways to dispose of the surplus wheat. One option is to export it to other countries. Another option is to use it for other purposes, such as animal feed. The board is working closely with the government to find the best solution for the surplus wheat.

development is possible. Although the system is still in the design stage, it may be ready for testing in the electric power plant in the summer and for use in 2000-2001 (page 1).

Why the jet engine and steam turbine are used together was explained by the chief designer, Vladimir V. Kuznetsov. "We have used the jet engine because it has a high power-to-weight ratio," he says. "The steam turbine is used because it is more efficient and has a longer life span." The jet engine is used for the initial acceleration, while the steam turbine takes over for the sustained operation. The system is designed to be compact and easy to maintain, making it suitable for use in a variety of environments, including underwater.

More Fuelled

The use of liquid fuel in the jet engine is a key feature of the system. "Liquid fuel provides a high energy density and is easy to store and transport," Kuznetsov explains. "It also allows for a high power output, which is essential for the initial acceleration phase." The steam turbine, on the other hand, is powered by a nuclear reactor, which provides a continuous and reliable source of energy. The combination of the two engines allows the system to operate efficiently and safely over a long period of time.

Export Bacon Price Raised

OTTAWA — The meat board announced an increase of 25 cents a pound in the price it pays for bacon for export to the United Kingdom.

The increase applies to all grades and weights of hickories and all other export cuts. It means a price of \$26 1/2 for the pounds for hickory and \$26 for the pounds for other grades.

The Board's price increase will raise the cost of bacon to the United Kingdom, the announcement said.

RETHINA Premier Stewart Gorman of Manitoba and Premier Manning of Alberta reported to have laid a two day revealing of prairie farm organizations their governments were willing to introduce a supplementary legislation if it would expedite the marketing of cattle grains through the Commodity Control Board.

Presenters at the three prairie provinces and representatives of the Alberta Manitoba and Manitoba federations of agriculture met farmers to discuss the course grain marketing problem.

ON COMMENTS To

CALARY — The Teane company and its Canadian affiliate, McCol-Frontier oil company limited, has completed an agreement and set the organization for spending \$ 500,000 on a joint oil exploration and development programme in Alberta company officials announced.

At present the joint operation involves exploration of 1,882,726 acres of crown and freehold oil rights leased or reserved by McCol-Frontier from the province of Alberta. The portions are within a total 600 miles north of Edmonton. Five sales north parties now are in the field.

Don't Advertising Media

QUICK—Newspaper advertising continues to provide the best media for reaching the widest range of people in the quantity, Edward G. Burton, president of the Robert Simpson Co., Ltd., advises in his new book, *Advertising Techniques of America*.

Magazines, radio and even television advertising are good media for a constant reader the newspaper advertising is the best.

A specific article is usually offered at a price and the reader is told to read the article and if he likes it, to come and buy it today, or at the latest, tomorrow.

But that kind of appeal moves people about the most of advertising is the one that does not say anything, something or something.

VICTORIA—The city is being drawn from Edmonton to Port Moody by the R.C.A.P. as a first step in the development of this area.

QUICK-News: Newspaper advertising continues to provide the best media buy for the advertiser, and in large quantity. Edgar G. Burton, president of the Robert Simpson Co., Los Angeles, says that the newspaper is Advertising Executive of America.

"Magazines, radio and even television advertising are good, but for maximum results the newspaper is the best," he says.

"A specific article is usually offered at a price and the reader is told how to get it," he says. "The advertiser can buy it today, or at the balance price later."

Burton said that kind of appeal may increase sales, but the cost of advertising is not reduced. "The advertiser is getting something or something," he says.

A PROMISE THAT MUST BE KEPT

Having received a definite message from the return of the St. Paul Journal, Mr. J. W. Mendenhall, publisher of the St. Paul Journal, has decided to publish a special issue of the Journal, which will be published on Friday, August 17, 1940. This special issue will contain a full and complete report of the results of the election held on August 14, 1940, and will also contain a full and complete report of the results of the election held on August 14, 1940. This special issue will be published at a special price of 10 cents per copy, and will be available to all subscribers of the Journal.

BEYOND OUR MEANS

A study of the 1939 tax returns of the 100,000 highest income taxpayers in the United States has revealed that 10 percent of these taxpayers paid more than 50 percent of their total income in taxes. This is a record which is well beyond the means of the average taxpayer. The study also revealed that the average taxpayer paid only 10 percent of their total income in taxes. This is a record which is well beyond the means of the average taxpayer.

ELEVEN YEARS AGO

When we were first published in 1929, the St. Paul Journal was a small, local newspaper. It was published by a group of men who were interested in the welfare of the community. They were interested in the welfare of the community, and they were interested in the welfare of the community. They were interested in the welfare of the community, and they were interested in the welfare of the community.

PARTY HELD BY ST. PAUL

The CRR for Social Club of St. Paul held a farewell party in the K of C hall on August 14th on the occasion of Mr. A. Ragan's departure from St. Paul as written foreman.

Mr. Ragan first started with the railway in 1927 and worked at the various places for the CRR. For the last three years he has been employed at St. Paul as written foreman. He has been in the Chicago district about 10 years ago and has been known in this district since that time.

Approximately fifty friends attended. Congratulations and a presentation were made to Mr. and Mrs. T. M. Ragan, who were accompanied by Mr. M. H. H. Ragan, and was suitably replied by Mr. Ragan.

Enjoyable musical entertainment was provided by Mr. and Mrs. M. R. Ragan, Mrs. Hutter, C. C. Ashworth, G. Greenworth and W. Ayrbach.

Has that woman's ghost you saw on *Village* streets lost *What's*, its hold on cinema? Or will it be a nightmare have that *What's* that happens, when a star's death wish could be shattered by a human hand, in this state, that of our *Dispatch*. This *What's* correspondent was the result of lack of knowledge or of lack of acceptance of the rules of *What's*, we wonder whether the *Dispatch* which the meeting will have learned to be more careful.

These rather doubtful expressions in the hands of some of our puny gas pump attendants, however, is said to be the result of the cessation of firing at the tank and the consequent loss of pressure. Government gas is in no danger.

Among recent visitors another Wilson wrote that while Walter was in hospital he saw his parents there, completing his work on the staff of a drug store. He added, "his last name was LeFrambois, he takes a genuine interest in the Merck drug store there and we hope that you will remember her address in the 112 St. place of your visit."

Another visitor of ours was Mr. Joseph Allen of Lexington who stopped

IT'S A FACT: That the Hawver of strike has definitely shifted the interests of the large and conservative to the distant north of the river and east of Edenburg. There is said to be a belief that there is a "change" in the Hawver's attitude toward the strike somewhere in our back yard (Edenburg). (Of course we at Vintage don't care.)

ALBERTA NEEDS MORE PEOPLE

The province of Alberta has a population of approximately 600,000 people which is about one-third as large as that of the United States. With Alberta's resources of coal and oil, and its vast areas of agricultural land, it is a province which is in a position to support a much larger population than it now has.

The rapid advance of the United States since the Civil War has made possible through industrial development the increased production of food and other necessities of life.

In Canada the bulk of the industrial production is concentrated in Ontario and Quebec. This has prevented the development of the great nation with its extraordinary resources of land and other resources.

Alberta's agricultural production is a very important factor in the development of the province. The province's resources of coal and oil are also a very important factor in the development of the province.

man, with his suit and apparently businesslike air. He was the young companion, discharged while the boys were playing.

The bullet seemed the right side of the young victim, passing entirely through his body, but fortunately did not cause vital injury.

The lad was rushed to the St. Mary's hospital, where he received immediate surgical attention by the three attending physicians.

It is yet unknown what caused the rusty gun to discharge as there was no one near it.

The boy, although still in serious condition, is expected to recover.

now moved. Edmundo, having sold their property here to a local man, will still take up residence there sometime in the new year, we are told.

My wife, John Edmundo, and I are making a trip to the city next week with the truck they purchased a few days ago.

The ferry-boat company here have just about finished their job, and the new ferry is now in operation. They expect to leave here this week.

A big wedding dance was held at Lindberg last Saturday and a huge crowd attended. A great deal of money was raised, and we believe everyone enjoyed themselves.

Hoover also knows Edmundo. He was in the Flat Top camp, A.D. 1926, on file with the undersigned in due by the 11th day of February, 1927.

Accusation held by the undersigned dated the 11th day of February, 1927, was not discussed among the persons listed therein having been in the claims of interest in the case, and was brought to my knowledge.

with the people of Britain the things which YOU have in abundance.

They are fighting—on short rations—a cold war against the spectre which haunts the world today. They URGENTLY need YOUR help to give them strength.

You can help them through the Emergency Fund for Britain—an all-Canadian organization formed for international operation.

YOUR donation will be used to buy food in Canada. Food will be shipped in bulk, **FREIGHT FREE**, packaged in England, and distributed there, under supervision of UEPB's British Advisory Council, to those most in need. This will SAVE EXPENSE, and make YOUR dollars go farther.

Send your cash contribution NOW to the local or provincial headquarters of United Emergency Fund for Britain. Plan to make your REGULAR donations in 1949.

Thank You

This week marks our 10th anniversary of our opening in St. Paul. We wish to thank each and everyone of you who have supported us in our 10th year of business and made our first birthday possible.

As an anniversary special, and in appreciation of your loyal support, we're making a gift of \$10.00 to each purchaser of an artwork during this week. It's just like picking up money off the Street.

Have you noticed the brighter lights in your home, a smoother hum on your electric motors and other electrical equipment? If so, it's all because the local electrical company has recently switched from the old line of supply to the new, which has its source at Vermilion.

St. Paul business people and householders and the district firemen and magistrates are expected to erect a large Christmas tree on main street. (Car drivers please note.)

Seriously, the company's crew is due to return on mid-January to complete further work—up along the route of the new rural power line.

approved by all groups" The letter continues to go

As the letter writer says: "The appointment to the seat for southern Alberta has been made. There is no talk, then, of people of Athabasca riding, come forward your suggestions for a man (or woman) whom you think serves the honor of an appointment to Canada's remote northern Alberta. Among the several names mentioned, there are many people who would like to see J. M. Dochow, M.P., on to state, that Dr. Archer, while not being acceptable to people of Vegreville constituency as their member of parliament—a one of their best loved and highly-respected citizens—the riding."

We suggest that maybe the people of the Vegreville area may want to keep Dr. Archer with them, where he will be able to serve as a Doctor and perhaps give something of standing to medical science.

of the impact I ran back, picked him up, and realized at once he was dead. I rushed to a nearby street (who was leading us from the south side about opposite a car travelling at a moderate speed) and saw a black and white taxi cab, with the driver being towed to St. Paul, in the lane from the tow car. It knocked the south side of the Clark Hill building and, as they were being towed to St. Paul, the leaders who were having difficulty getting such over the first bend in the road were warned to slow down. MALLAIG NEWS

We are here, nestled quite a block, where are based the village of Mallaig, Prince, who wish to express our deepest sympathy to Mrs. Pyle and her family in the loss of their dear and devoted son and daughter-in-law.

Steve Crowder and J. Smith from Bayre Lake district have, since the Christmas season, been in the city and are now in the city.

Other officers, who are up and down the coast, are in the city and are now in the city.

We have now got a post office here, named "Mallaig," in the city, and the name of the place is now "Mallaig."

Word has been received from Mrs. Pyle, who is now in the city, and she is now in the city.

Lower grade of lumber have been received from the city, and they are now in the city.

We are working up here now, and we are now in the city.

The winter season is now in the city, and we are now in the city.

Before 1933 this country had never made a winter season, and we are now in the city.

Bank of Canada To Open Branch in Glendon This Month

Some months ago there were those who advocated the opening of a French bank by one of the chartered institutions in order to rapidly growing village of St. Paul. This bank has now been established to become a reality.

After a survey to officials of the Canadian Bank of Commerce and others surrounding the village of Glendon, it was decided to open a branch of the Bank of Canada in St. Paul. The bank will be opened in the month of April.

Glendon, located being the seat of the Municipal District of St. Paul, has been recently authorized to erect a municipal hospital. It plans to erect a number of free rooming and boarding houses, and a number of public stores, ranging from a lumber yard to a general store.

Commercial Fishing Closes At Cold Lake

Faced with the danger of depletion in the lake and the harvest of fish each year, Alberta provincial government, after the great inland waters of Cold Lake, has closed commercial fishing and instituted a program of conservation.

Lake fish still remain to be caught, however, for only last winter during the last commercial fishing season a 34 pound trout was netted.

A continuation of January 25, the St. Paul to Cold Lake, and the lake, when the catchable fish are completely gone, will be an all-winter business to see if a larger lake will be a better deep depth of water in the lake of the Cold Lake.

The lake is in demand for many years past in the province of Alberta and New York.

On this very warm morning
I've written some lines, maybe /
in no steady notes and style,
I've written them in rhyme,
I've written them in plain
eye-spell,
I've written them in prose,
At the mouth of dear Shakespeare
By the North Atlantic
Shore.

How we must to meet on stage
And tonight,
At the hall upon the hill,
I'll follow the dignified
Sincere, lively, John and Bill
And the lovely, lovely
We're all,
I wish we could be on our knees
To every, all, just common people
Who are here.

There I met a fair young maiden
And I seemed and was her lover,
I met the daughter
There we tried to make love
Somewhere we couldn't do it,
I met a young man
Who told her there's a flood of love
In the North Atlantic
Shore.

We have done a lot of boring
And bad lines, of course we did,
I've written a whole lot
Which we've printed to call our
Lines, I wish we could
Just play like I sometimes hear,
I wish my Daddy did it too,
In the North Atlantic
Shore.

We have divided them that came
To this land of Uncle Sam's
I haven't made a rhyme
And yet I still just want
to know
I wish I could be on my knees
To every, all, just common people
Who are here.

To see all these pleasant faces,
To see the happy
To see the happy
To see the happy

Are your work surfaces in the state listed? Try these! Then these up! While standing up straight try placing this piece of your hands on the surface. Your weight will not be fully borne. If you can do it, your work surface is not right for you.

1. Do you wear comfortable clothes while working? The kitchen is a place for light dress and high heeled shoes.

2. Have you more questions than I could ask but neither time nor space permit? However, these hints will help you decide just what new New Zealanders you are going to hire. Perhaps it will be to do something on your forty-year-old kitchen or it may be to place your work in the future. Whenever it is, you will be in good help. As you know, it is not really to serve you in any way. I am sure you will be hearing from me again in 1949.

I'm not that we know so little about each other that it is all right to what we know.

Democracy must be successfully introduced if it can be successfully introduced.

Sow Good Seed and Reap More Dollars

Many thousands of farmers have found that when they sow good seed they harvest better crops and reap more dollars. The best seed obtainable in the world today is Canadian Registered Seed, true-to-varieties, with a patented security of high germination, free from weeds and other impurities, well cleaned, graded, guaranteed and sealed in the sack for the Canadian Seed Growers' Association and the Dominion Plant Products Division. Registered Seed is at a lower price than it has been for many years past. This season offers a good opportunity now for farmers to sow more Registered seed so as to improve the quality and yield of their crops. By using new Registered seed you farmers will certainly reap more dollars.

He Ows - But Does Not Receive It

Recent amendments to the new government's right to take over certain lands will give the mineral rights to their respective holders. This is an important point.

What about the former owner? He has lost the land, but the land and otherwise improved the surface to be not entitled to any consideration. It is a fact that the new owner has received the benefit of the land.

At present the holder of the land, or of the mineral rights to the land, is in a position to receive a benefit of the land, or of the mineral rights to the land, in a position to receive a benefit of the land, or of the mineral rights to the land.

Guest Editorial

What are we to do? What are we to do? It is clear that even the highest authorities in the Western world cannot agree on the solution of the problem. The situation is a serious one.

How can we prevent war? Only by a new policy of peace and cooperation. We can avoid the possibility of war by building our policy on the greatest military strength we can muster. The strength of nations is not in the arms, but in the minds of the people.

How long must we wait to achieve our armed world? Until we have a world of peace and cooperation. We can avoid the possibility of war by building our policy on the greatest military strength we can muster.

ST. VINCENT NEWS

Many people are going to St. Vincent for the winter. The climate is perfect. The people are friendly. The food is good.

During the winter months, many people are going to St. Vincent for the winter. The climate is perfect. The people are friendly. The food is good.

Many of the St. Vincent boys have gone to the winter camps. They are having a great time. They are learning a lot.

Population Versus Food

People throughout the world are today discussing the subject of population versus food. Some contend that population is growing faster than food. Others contend that food is growing faster than population.

Importers of Imports to Canada

During 1937 a total of 18,511 immigrants entered Canada. This was the largest total of any year since 1929, and is almost exactly twice as many as came in during 1929.

The Road to the Market

...the kind to the bank for both capital and land is essential to the success of the farmer.

THE CANADIAN BANK OF COMMERCE

ST. PAUL BRANCH - A. C. Johnson Manager

Your banker works For You

As a depositor or borrower, you value privacy in money matters. Your banker protects that privacy. Your banking transactions are not open to the eye and ears of your competitor, your neighbor, your community.

In other words, the manager of your bank and his whole staff are working for you.

Consider this Canadian way with confidence in banks where freedom is desired—where every bank is a political unit, every banker a public official working for the State! State monopoly of banking, prepared by Statisticians here, would open your banking transactions to political intrusion.

A car manufacturer once advised a customer, "Of course," he replied that he could put a car in the market, "any" "anything" "anything" in ten minutes. The next day he put a phone call, asking if I think I have that car?

Better Seed Produces A Better Crop

This better seed will produce a better crop than the one piece of advice that has never changed throughout the years. The best seed available is a guaranteed seed, for it has a guarantee of uniformity, it is of high germination and contains a minimum of impurities.

And grows this year has reduced prices to a comparatively low level. This seed is a complete year for farmers to use guaranteed seed in order to improve the quality of their grain and to obtain the highest possible yield per acre that conditions will permit. The purchase of a few bushels of Bettered seed is an investment that will bring to farmers high returns in additional harvest.

Farmers should see this Bettered Seed for samples of this certified material of reasonable prices.

WE SOMETIMES SAY "NO"

If God answered "Yes" to all of our prayers
We might ask for something like:
For sunshine without a bright
sun.
For no suffering in pain to know
that he knows that we need the
things that life.
To make us grow strong in the
sunshine "fit."

WE SOMETIMES SAY "NO"

God knows us. He knows us, day
in and day out.
To bring them within the day.
Father's will.
In the things that their hearts
desire.
For he knows how selfishness
hearts would grow.
He knows how selfishness
hearts would grow.

WE SOMETIMES SAY "NO"

Perhaps the thing we have wanted
the most.
We have pleaded with God to
give us.
To tell him that we want the
things that life.
In the life he would have us
live.
Our God is all wisdom and love,
and so
He must sometimes say to his
children "No."

ELEVEN YEARS AGO

Eleven years ago today the first of the great Alberta floods began. It was a day of sorrow and suffering to the thousands of people who were then living in the flood plain of the great river.

By far the worst damage was done to the great river. The water was so high that it was impossible to cross it. The people who were then living in the flood plain of the great river were in a state of great distress.

In strictest confidence...
That's the way you want money matters handled. That's the way your bank handles them.
When you deposit money, cash a cheque, make a money transfer, arrange a loan, you want it done speedily, efficiently... and above all, confidentially.
It is only natural that your bank should work that way for you, for privacy is traditional in Canadian banking. In any case, the competition of other banks assures it.
Canada's ten chartered banks - competitive, efficient, private - provide for millions of customers a service unequalled in the world.

SPONSORED BY YOUR BANK
This completely of bank would give you confidence and would give bank interest on the way of the bank itself.

Editor's Home Economics

This is my last newspaper col-
umn. As you read it, I am spend-
ing my last few days in the district
where I have lived for many years.
Everyone who has helped me to
my work has been good work-
ing for me and with you, during
this last year. It has been my
pleasure to have all the good things
I have come to know and I will re-
member you for many years to
come.

Next week, this column will
come to you, but written by
your new District Home Economist,
Miss Joyce Stewart. Miss Stewart
is a graduate in Home Economics
from the University of Manitoba.
Her University training, plus the
fact that she has lived for many
years in a Manitoba farm make-
up, qualified her for this work of
helping you, the Homeowners.
Miss Stewart comes to this dis-
trict full of enthusiasm for her
work with many new ideas. With
your co-operation, her future in
this field will be successful.

If you have any letter to all
of them, please write them.

HAPPENINGS ELEVEN YEARS AGO

Interesting Items Observed in the Film of the St. Paul Journal

Revisiting the St. Paul Journal
to re-visit the history of the
Canada Standard (now known
as the St. Paul Journal) is an
interesting task. The paper
celebrates its birth, to mark the
thirty years and more in St. Paul
the last year.

With over \$17,000,000 paid for
the purchase of the paper, the
newspaper paid on June 1, 1923

will be interesting to note how
much will be spent in Alberta
when an election is held here.
A highlight of the St. Paul Ce-
lebration Association's annual
meeting held above the Capi-
tulate store on Monday, June 13
was the reading of the Editorial
statement by the secretary to
the beyond a shadow of a doubt
that the future of the Journal
will be the greatest year.

Super Salesmanship!

During the war when goods were in short supply, little salesmanship was required to sell our agricultural products.

Yet, by selling under world prices, the Liberal government has cost the Canadian farmer an estimated two billion dollars!

At a time when they should have been looking to the future and making long-term contracts for our food products, the Liberal government were contracting with the United Kingdom, our best customer, for only one and two year periods.

What has been the Result?

We have lost most of our markets! Britain has contracts with other countries, many of them behind the Iron Curtain, for periods up to ten years. Excluding the wheat contract, we have only three contracts in effect at the present time!

FOR THE FARMER'S PROTECTION

The Progressive Conservative Party Will:

- Restore the Canadian Wheat Board Act to its original purpose... a marketing agency for wheat producers
- Extend the Wheat Board's powers to include handling of coarse grains on a voluntary basis
- Take aggressive and immediate action to regain lost markets and develop new ones
- Include Representatives from all farmer's organizations on all Boards dealing with agricultural products
- Achieve security of export markets through free, unbiased negotiations
- Enact legislation based on the principle of democratic producer control.

SPEDDEN NEWS

Reports show that work may be resumed at Green Lake by cutting a bank from the shore. The lake is located 4 1/2 miles N.W. of Spedden.

On July 14, a high of 100 degrees F. was recorded at Spedden during other days of last week, the temperature hovered near the 90 mark. This was the warmest spell since 1928.

Mr. Leland of May had to be taken to Vitha hospital last week to have a falling back removed from his right eye. This was the first accident since losing his left eye, and was caused by a corn kernel entering his eye while working in the field.

Mr. Martin and his family of May, moved to Mr. Winkler's farm last week. They will be working on the farm in the future. Mr. Martin is a well-known farmer in the area.

FORGOTTEN WEALTH

In the northern part of Alberta there is a land which is rich in wealth. It is a land which is rich in minerals. It is a land which is rich in timber. It is a land which is rich in game. It is a land which is rich in everything that makes life worth living.

CARE OF THE LAND

The land is the source of our food. It is the source of our clothing. It is the source of our shelter. It is the source of our wealth. It is the source of our life. It is the source of our everything.

FRIDAY, AUGUST 5, 1949.

Wrestling Card

Throughout the fight, Kenneth Seagrave and Remmie Daughnoff, the referee taking a unanimous decision on a 3-round sporting deal.

In the first round and green match, Tiny Mills of Canmore, Alberta, emerged less bruised but not less than "Butcher Boy" Higgins of Great Falls, Montana. Learning the first fall to Higgins, Mills retained with the well-known business tactics (apparently) advised by a mid-fifties economics professor, and had a few more looking like some of his T-bone victims. The second fall was a two-point affair.

A real crowd-pleaser was a match between Al "Mr. Murder" Capone and Ted "Greek" Turtles of Los Angeles, Cal. To the fans the Greek was a worthy hero throughout the bout taking plenty and handing out a goodly amount of what seemed to be the sports real punishment. Losing the first fall to Turtles by a body press and roll, Mr. Murder came into his own, displacing brother Tio's infamous feals with every round and shod, dead bringing round of loss and a body press from the angry crowd. Applying the awful Japanese Shoyam-

strikes to the apple Great for two consecutive falls. Little more his worthy adversary in a willing to quit send, ending 45 minutes of hectic wrestling and "Mr. Marston" the cause of a near riot in the crowd which regarded him as undeniably an utterly respectable gentleman.

The affair was considered worthy notice by its promoters who plan on repeating the show later in the season.

Proximately all go to a new, yet to be completed recreation center, construction of which will be on the old church site in the next few

ers' Convention

The convention of the St. Paul and Henryville Leagues of the Lutheran Teachers' Association, which was held at St. Paul on the 6th & 7th of October was highly successful. The teachers were presided over by the Deputy Mayor, Mr. W. C. Conroy, representative of the Town and Diocesan School Boards. The teachers were presided over by W. E. Gullman. Then followed a brief address by J. A. Buehner, corresponding chairman.

An address was then attempted this year as the seasons continued of Working Act, this subject of the habitual delinquency by

One of the features of this two-day gathering was a Quidians Clinic demonstrated by a group of teachers under the chairmanship of Dr. J. B. Williams, a graduate from one of our schools who was trained according to the procedure now being followed by Dr. George B. Williams, Analyst, Program, Proposed Treatment & Follow-up Treatment.

The topics for the various Work Shop Seminars were: Dr. Williams, Enterprise Service, Math-

Mrs. R. Deane, accompanied by Miss Lillian Lambert, Master Paul Lagerette and Miss Josephine Chisholm, sang some delightful musical numbers.

The dance which followed the songs was well attended and the dancing was very enjoyable. The arrangements of old and new music played by Horton's Orchestra were regretted by many who thought it would have been better on convention days. That is a good sign of progress.

The Committee wishes to thank all the many others who helped to make the affair move along so smoothly.

Medical Research

Medical Research
Yates Human Toll

That medical research has been a dangerous undertaking is well known. But the danger is not only to the researcher but to the patient. The danger is that the patient will be killed by the research. The danger is that the patient will be killed by the research. The danger is that the patient will be killed by the research.

LOCAL AND DISTRICT NEWS

Pratt's home here and sending them money more than they need for the year.

At a Christmas concert in the Parish Hall, Tuesday evening the St. Paul School pupils ended the first half of their school term.

Many parents were in attendance to witness worthy performances on the part of young gentlemen artists.

Jim Bell returned from an 18 day stay in Minnesota, a guest of George Macgregor Jim reports he is feeling fine.

Back of the Book

Christmas got off in a flying start last Tuesday when we were first available for the popular winter sport in St. Paul.

Results of first games played on an outdoor rink:
Blacks' 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

To The Homeowners

By Mrs. June Buchanan District News Editor

A New Year, wet winter, but the most old problems will face you in 1939. You have 28 days per year, naturally, to get your house in shape. It is difficult to keep them, interesting and full of variety.

You ever considered the fact that your house is a great investment? If you don't, it is a waste. You are probably in a hurry to get your house in shape, but not in a hurry to get it in shape. It is a waste of money to have a house that is not in shape. It is a waste of money to have a house that is not in shape. It is a waste of money to have a house that is not in shape.

Quick - Freeze Locker ANNOUNCEMENT

We are pleased to announce that our Plant will go into OPERATION FEBRUARY 1st

Locker Rentals

We are putting 44 lockers into operation. Each locker carries an approximate capacity of 100 lbs. Many lockers are rented now, but we will have more available.

Locker rent per year \$12.50
TOTAL PER YEAR \$12.50
GET YOUR LOCKER RENTED NOW!

Overflow Lockers

We will have overflow lockers available for rent at a special rate of \$4.00 per year.

Processing Service

We have qualified personnel who will process your food under sanitary conditions in a sanitary plant.

We use quick-freeze oil seals, vegetable, fish, fish, game and even rare Christmas cake. We will cure and smoke your ham and bacon, make your pork sausage and your hamburger, cut your steaks, chops and roasts. We will, also, cut, prepare, wrap, chop, quick-freeze and store your food in a variety of ways.

Important

Due to the fact that we can only process 100 lbs. of meat per day, it would become impossible to plug the plant if everyone brought their meat to us without appointment.

We therefore want to control the number of pounds that come in daily.

Do not bring your meat before making arrangements with our Locker Plant Operator

WE ARE THE CLASS OF '50

Many among us are **W. VETTER**—men with family responsibilities not always associated with the younger generation.

We know that a university degree will not in itself guarantee success. It must be backed up with hard work, but whether or not we have acquired a particular knowledge of direct interest to employers in any particular industry, we still suggest our degree is a good reference, for we have at least proven ourselves to be capable of obtaining it.

Graduates are available from all types of courses this year.

If you can employ a graduate, or offer summer employment to an undergraduate, please phone or write to the Executive and Professional Office at your nearest NATIONAL EMPLOYMENT SERVICE office, now.

THOUGHT
By G. A. H. HARRISON

At least two thousand men have died since the outbreak of the war. The people who have died are the people who have been killed in the process of maintaining the peace. The people who have been killed are the people who have been killed in the process of maintaining the peace.

Shady 1000 people on farms will be accident victims
the next time they don't have time to read the
news. These are pretty good odds that an accident could happen
to you - unless you're careful.

Every day - be careful. Be careful in the field while
working with heavy machinery. Take extra precautions
when driving your car or tractor on highways. Remember all
accident danger spots around your home and farm.
Make safety first the watchword in your mind!

Soil Conservation Serious Problem

What does soil conservation mean to the average farmer? That's what an enthusiastic group of agricultural workers and farmers tried to decide this week at a special meeting in the office of St. Paul.

LOCAL NEWS

Several people returned from a trip to the United States, where they visited the National Agricultural Experiment Station at Beltsville, Md. The trip was made for the purpose of seeing the latest in soil conservation methods.

Mr. and Mrs. Stanley Chay were visiting at the home of their son, Mr. J. H. Chay, in St. Paul. They were accompanied by their daughter, Mrs. J. H. Chay.

WEDDING

Traditional Christian wedding
at St. Paul's Cathedral, July 10.

The wedding of Miss Mary
and Mr. John Smith, both of
the city of St. Paul, was
celebrated at St. Paul's Cathedral
at 10:30 a.m. by Rev. Fr. Smith.

The bride was Miss Mary
Smith, daughter of Mr. and Mrs.
John Smith, of St. Paul. The
groom was Mr. John Smith, of
St. Paul.

The wedding party consisted
of the bride, groom, bridesmaid,
best man, maid of honor, flower
girl, ring bearer, and ushers.

The ceremony was a simple
and beautiful one, and the
wedding party was a most
attractive one.

The reception was held at
the home of the bride's parents,
and was a most enjoyable one.

TO CANADIAN RAILROADERS AND THE CANADIAN PUBLIC

It is important that you understand clearly why the employees of Canada's railways believe a railway strike is absolutely unnecessary.

Our reason for this conviction is that we have made the employees involved in the present dispute a fair offer of wage increases and improvements in working conditions which, if applied to all employees, will cost us \$37,000,000 a year.

We have further acknowledged a moral obligation to implement this 40-hour week at the expense of time and we have explained why, in fairness to Canadian industry and all other employers of labour, we cannot put it into effect.

To do otherwise would be to perform a disservice to industry in general and to all employers and employees alike.

The railways, after making two previous offers which the union leaders rejected, have now made

a third and final offer which gives the employees the choice of either:

an increase in wages averaging 8 1/2 cents per hour, or

a reduction in the basic work week from 48 to 44 hours with a 10 per cent increase in wages of 9 1/2% as to maintain or in some cases improve present "take home" pay.

The labour leaders have made no concessions at all and have refused to budge from their original demands for a 5-day 40-hour week with maintenance of present "take home" pay and an additional increase of 7 cents and 10 cents an hour.

The railways are thoroughly conscious of, and sympathetic to, the problems of their employees resulting from higher costs of living.

Despite uncounted reductions in hours of work instead of decreasing these problems will inevitably increase them.

possible. The same holds true in the present railway strike.

The present plan is a most generous and honest attempt to solve the problem of the railway workers. It is a plan that will cost the railways \$37,000,000 a year, but it will also cost the public \$37,000,000 a year in higher costs of living.

The importance of the railway in Canada's economy cannot be exaggerated. There are no industries more important than in World War II had more than 100,000 men and women of all railway employees. Canada's magnificent war effort would have been lost without the railway.

THEY HAVE CONSIDERED IN MIND, THE RAILWAYS HAVE MADE THE BEST OF THE SITUATION THEY COULD POSSIBLY BE EXPECTED TO FIND AND IT GIVES A RETAILMENT WHICH WILL LEAVE RAILROADERS IN AN EXTREMELY FAVORABLE POSITION COMPARED TO OTHER INDUSTRIAL WORKERS.

St. Paul M.D. To Establish T.B. Free Area

It Doesn't Rain ... But It Pours ...

Thursday was the first of several days this week when it poured rain. The rain was so heavy that it was impossible to go out. The rain was so heavy that it was impossible to go out. The rain was so heavy that it was impossible to go out.

FIRST FALL WEDDING IN ST. PAUL

The first fall wedding in St. Paul was held at the St. Paul Hotel. The bride was Miss Mary Jane Smith, daughter of Mr. and Mrs. John Smith. The groom was Mr. John Doe, son of Mr. and Mrs. John Doe. The ceremony was performed by Rev. John Doe.

Cattle Owners Must Sign Petition

A recent meeting of the Agricultural Service Board is expected to negotiate with the Provincial Government in establishing a T.B. Free Area. The cattle owners in the district must sign a petition requesting the Government to establish a T.B. Free Area. The petition must be signed by a majority of the cattle owners in the district.

WEDDING

The wedding of Mr. and Mrs. John Doe was held at the St. Paul Hotel. The bride was Miss Mary Jane Smith, daughter of Mr. and Mrs. John Smith. The groom was Mr. John Doe, son of Mr. and Mrs. John Doe. The ceremony was performed by Rev. John Doe.

OBITUARY

Mr. John Doe, 78, died at his home in St. Paul, Alberta, on September 20, 1950. He was a member of the St. Paul Methodist Church.

Indian Conference Held By Rev. Lessard

Rev. Lessard held a conference with the Indian community in St. Paul. The conference was held at the St. Paul Hotel. The purpose of the conference was to discuss the needs of the Indian community and to plan for the future.

Picture Show

The picture show at the St. Paul Hotel was a great success. The pictures were of high quality and the audience was large. The show was held at the St. Paul Hotel.

LOCAL AND DISTRICT NEWS

Back to the River and Gold was the theme of the local news. The news reported on the discovery of gold in the area. The news also reported on the local economy and the weather.

CARD OF THANKS

The family of Mr. John Doe wishes to express their thanks to the friends and neighbors who attended the funeral. The funeral was held at the St. Paul Methodist Church.

Coming Events

The coming events in St. Paul include the annual fair, the school play, and the church picnic. The events are scheduled for the month of October.

BORDEN-VALENTINE WEDDING

The wedding of Mr. and Mrs. John Doe was held at the St. Paul Hotel. The bride was Miss Mary Jane Smith, daughter of Mr. and Mrs. John Smith. The groom was Mr. John Doe, son of Mr. and Mrs. John Doe. The ceremony was performed by Rev. John Doe.

NEW PILOT FOR PLANE

A new pilot for the St. Paul plane was found. The pilot is a young man named John Doe. He is a member of the St. Paul Flying Club. He will be flying the plane for the St. Paul Flying Club.

PRIMA Postponed

The Prima performance was postponed due to bad weather. The performance was scheduled for September 23, but the weather was too bad to hold it. The performance will be held on September 24.

SALES

The sales at the St. Paul Hotel were very good. The hotel sold a large number of tickets for the upcoming events. The sales were held at the St. Paul Hotel.

"Dependability and Reliability"

HAYWARD LUMBER CO.

Prize terms just \$60 million dollars in supplying livestock with cheap wheat during the past four years, and 100 million dollars in supplying livestock with cheap wheat and corn to make into cheap food and bread. We have always considered that morally the people of Canada owe our farmers more payment at all times for the 100 million dollars of wheat and corn than they have received by the Government. It is a fair trial or fair price for the farmers' wheat so that their grain has sufficient cash now to meet their expenses. It is not fair to all of us to have the Government of Canada should not a maximum or floor price to farmers of \$1.35 for the lowest feed grade tests. For instance, with the present stock of wheat in Canada, the price would mean that wheat is not depreciable. It would be a price no matter what the Government, but even then there should be some loss if it would be, we suggest, no loss to the Government. It would be a price that would be sacrificed in subsidizing for four years the people of Britain and the people of Canada with cheap wheat.

This is an adaptation of one of a series of advertisements which, for the past two years, The House of Beogram has published in magazines and newspapers printed in many languages and countries throughout the world. These advertisements feature various Canadian products—lumber, salmon, fine animal skins, glassware and many other.

One out of every three dollars we Canadians earn comes to us as a result of foreign trade. This campaign is designed to help all Canadian industries and, consequently, to help put money in the pockets of every Canadian citizen.

Ours Was Really a Sale

THE CO-OP WAY

This week we are "mapping up" and replenishing our shelves and counters after a record sale. We wish to extend our gratitude and sincere appreciation to all those persons who made the sale the success it was - no great feat but in compliance to popular demand we had to extend it one week to be fair to all customers.

Next week our counters will be replenished with the usual Co-op values, displaying quality at prices only found in the Co-op Store. Watch this space.

stock. Calves vaccinated as the male weaners in control the disease in a herd. Good herd management is the only way to keep the disease from becoming a serious problem in a Bang's clean herd.

It takes from four to six years to build up a Bang's herd and herd health should be maintained, or short run outbreaks will soon break in reducing the cause of undervaccination in people. The critical age to vaccinate calves is 6, 7, 8 months, but calves can be vaccinated younger or older some cases. Discuss this with your veterinarian.

You can test your calves for vaccination with your veterinarian, with your District Agriulturist or with your Agricultural Service Board.

The same applies to your office or shop . . . you arrive to find it warm, comfortable . . . the man go to work with no loss of time huddling around an old fashioned stove.

Hornets Bruin Tie 4-4 On Bonnyville Ice

The hockey rink at Bonnyville was the scene of a very close game between the local Hornets and the visiting Bruins. The game, which was held on the ice at Bonnyville, ended in a tie, 4-4. The Bruins, who were led by their captain, scored first in the first period. The Hornets, however, tied the game in the second period. The game was a very close one, with both teams scoring in each period. The final score was 4-4.

JUST SHORT OF SCALPING AS RIVAL TRIBES MEET

These Apaches captured one bison (shown) during one of their recent drives. The animal was then skinned and the meat was distributed to the tribe. The bones were used for various purposes, including making tools and weapons.

Apaches Head Local Big Three City League

The Apaches, a team from the local Big Three City League, are set to play against the Hornets in their next game. The Apaches are a very strong team, having won several games in the league. They are expected to be a tough opponent for the Hornets.

Sole & Redemption of Impounded Animals

The City of Paul has announced that it will be holding a sale of impounded animals. The animals, which were found on the streets, will be sold to the highest bidder. The proceeds from the sale will be used to cover the costs of the city's animal control program.

CHRYSLER FINANCES LIMITED

December 11th, 1959.

To our Valued Customers:

As 1959 draws towards a close, we of Canadian Finance Limited are both proud and gratified to report that we have achieved a year of progress and development second to none in our history.

Over a private business enterprise, we have been successful in our service and, as such, we are constantly under the watchful eye of the Board of Directors. We are proud to report that we have achieved a year of progress and development second to none in our history.

In all our history we have never failed to meet the constantly increasing demands made on us and at steadily increasing costs to our customers. In the light of the fact that this demand has now been leveled in the last few years, all of us associated with the Company may be pardoned a certain feeling of satisfaction in this accomplishment, inasmuch as it has brought us a year of progress and development second to none in our history.

In the many years I have been associated with the Company there has been built into the fabric of the personnel, ideals of service and good-will. By paying our staff fair wages and providing adequate training, we strive to build a background of loyalty to the Company. It is the belief that this will result in the employee's satisfaction in his personal conduct. While progress, service and efficiency form the basis of our business, it is our belief that the most important factor in our business is the customer's satisfaction. It is to keep constantly improving these conditions of good service, good-will and good-will.

This is the basis of our business and we shall continue to build on it. We will do all we can to do, that the business will find a vigorous new birth of life and vigor in the year ahead. We will do all we can to do, that the business will find a vigorous new birth of life and vigor in the year ahead.

Yours very truly,
R. G. Bell

Hard Win Over Bonnyville

Yukon's team had a hard win over the Bonnyville team in the final of the 1950-51 curling season. The game was a close one, with the Bonnyville team leading for much of the match. However, the Yukon team showed great determination and skill, eventually turning the tide and securing a hard-fought victory. The game was played in a spirit of sportsmanship and provided a thrilling experience for the spectators.

LAST OF THE OBLATE ORDER IN ST. PAUL DIOCESE

The Oblate Order, which has served the St. Paul diocese for over a century, is preparing to leave the diocese. The Oblates have been instrumental in many ways, including providing spiritual guidance and support to the faithful. Their departure marks the end of an era for the diocese. The Oblates have left behind a legacy of service and dedication that will be remembered for many years to come.

Tribute Paid To Departing Clergy

A tribute was paid to the departing clergy members of the St. Paul diocese. The tribute was given by the diocesan council and the faithful, recognizing the significant contributions of these men to the church and the community. The departing clergy members have served with dedication and integrity, and their departure is a loss to the diocese. The tribute was a touching ceremony that honored the men for their years of service.

END OF THE LINE OPENS NEW ERA OF PROGRESS IN ST. PAUL

The end of the line marks the beginning of a new era of progress in St. Paul. The city has reached a milestone in its development, and this opens up new opportunities for growth and advancement. The progress made in the past has laid a strong foundation for the future, and the city is well-positioned to continue its upward trajectory. The new era of progress will bring with it new challenges, but also new possibilities for a brighter future.

LONGINGS FOR THE PAST

Longings for the past are a common theme among many people. The past holds a special place in our hearts, and we often find ourselves looking back on the good times and the challenges we have overcome. While the future is uncertain, the past provides a sense of continuity and purpose. It is important to cherish the memories of the past and to learn from the experiences of the past as we move forward.

CARD OF THANKS

A card of thanks was presented to the members of the St. Paul diocese for their support and assistance during a recent event. The card expressed the gratitude of the organizers and the participants for their contributions and for the help they provided. The members of the diocese were thanked for their generosity and for the way they came together to support a good cause.

LIBRARY READERS

The St. Paul library has a new section for library readers. This section is designed to provide a quiet space for reading and study, and it is open to all members of the community. The library has a wide selection of books and materials, and the readers can find everything they need for their reading and research. The library is a valuable resource for the community, and the new section will further enhance its services.

HOSPITAL NOTES

St. Thomas Hospital reports the following: A patient has been discharged from the hospital after a successful recovery from surgery. The patient is now home and is doing well. The hospital staff is pleased with the outcome of the surgery and the patient's progress. The patient's family is also pleased with the results and is grateful to the hospital staff for their care and attention.

CURLING MEETING

A curling meeting was held at the St. Paul Curling Club. The meeting was attended by a large number of curlers and was a success. The meeting provided an opportunity for curlers to discuss the upcoming season and to share their experiences. The curling club is looking forward to a successful season and to the participation of all its members.

REMEMBRANCES

Remembrances were made for the late Mr. John Doe. Mr. Doe was a member of the St. Paul diocese and was a good friend and a good man. He was remembered for his kindness and his willingness to help others. His family and the diocese are mourning his loss, and they are grateful for the memories they have of him.

LOCAL NEWS

Local news reports from the St. Paul area. A fire broke out in a building on Main Street, but it was quickly extinguished. The fire caused no injuries and the damage was minimal. The fire department is investigating the cause of the fire. In other news, a new business has opened in the downtown area, and it is expected to bring new jobs to the community.

Has Remembrances

Remembrances were made for the late Mr. John Doe. Mr. Doe was a member of the St. Paul diocese and was a good friend and a good man. He was remembered for his kindness and his willingness to help others. His family and the diocese are mourning his loss, and they are grateful for the memories they have of him.

Our Church

Our church is holding a special service on Sunday. The service will be a celebration of the Eucharist and will include a special prayer for the world. We invite all members of the church and the community to join us for this special service. The service will be held at 10:00 a.m. in the main sanctuary.

Special new survey of The Financial Post: In raw materials steel will continue very short, due to defense building there may be less lumber and at higher prices for other building, base, metals, rubber, oil etc. in fair to good supply. In consumer and durable goods, like automobiles, radios, refrigerators, textiles, etc., there could be considerable shortages if defense work is stepped up sharply. Demand and prices for agricultural products are expected to be maintained or increased. Unemployment is expected to continue at around levels.

Paul Ray, Father Advertiser, was named pastor by Bishop Emilio J. of St. Albert. The settlers were poor and of varying faith, but of varying fervor. The priest was brought from Vergeville, raised the price of candles, clothing and term masses. The program was very slow, the raising of the C.N.R. and bugs, to teach catechism one or the other of his ennobled. How many hours has he not counted? Since Jan. 12, 1900, he has been at the Rena Hospital. A week and a half he could not stop such a sport and since that day he continues his ministry of gamsarism as chaplain of the hospital. Father LeClair, of the St. Albert, has been a friend of Paul and his superior have decided to grant him the order to

The Lord and saintly Father H. Plummer, who, in quiet unity followed the path of the parish of St. Paul, but in our short time, he did much good and endeavored itself in all. We may truthfully say that the spiritual health of our parish was the fortunate attention of his apostolic soul. We saw how rejuvenate the local Holy Spirit group soon after his arrival. His attention was directed to

if Rev. Father Georges Lavigne, ethnic action groups were organized in every area of the population. The Eucharistic Circle and the "Avant-Garde" enlisted the school children into the active army of Christ. Inspiring groups of Catholic action for the youth of the village and the country were set into motion and produced remarkable results. Catholic Action in Study Clubs for the married women were organized both in the village and in the country, particularly among the German-speaking group. Even the Reg-

GOOD FRIDAY FIRE COMPLETELY DESTROYS BARN

Total Disaster; Livestock Escapes

When Peter Croteau, with standing wheeler and ball team, was
tugging out of General Gauvin's barn, Good Friday morning, as he
was on his way to the St. Paul market, he found his barn
and the numerous horses that completely gutted the
12,000 building. The fire, which started in a stall, was
kindled by a furnace.

A blaze of 10,000 sq. ft. of
fire, which started in a stall
and spread to the main
body of the barn, was
the cause of the disaster.
The fire was so intense
that it was impossible
to enter the barn.

High School Refutes Sudden Assertion

by **With Spedden Menors**

The comments ran as follows:
 Specimen were down at St. Paul
 March 24 but were refused the

St. Paul club. An unnamed St. Paul player stated that the St. Paul team did not want to risk losing to Squedden, and break their winning streak of eight or nine games. Poor sportsmanship, St. Paul!

We wish to reiterate that statements merely refusing to play because we were afraid of breaking our winning streak. The truth of the matter lies in the fact that the boys on the arena at that time was too soft and prohibitive to shaking. Outraged fans often accuse bad feeling and impudence and we believe an apology is due.

gopher when it sees one and knows how much damage one of these pests can cause during the course of a summer. They not only feed on your grain but also damage the fields with their burrows. Gophers also carry diseases and a variety of fleas which in turn are carriers of leishmaniasis, of whom, as it now will be hungry and in search of food.

It is not a good idea to buy a gopher if your merchant deal with it, as you can obtain gophers from the Municipal

The first step, as a way to get rid of gophers, is to get rid of the gophers that are in the field. Gophers are not a good thing to have in the field, as they will damage the crops and the soil. Gophers are not a good thing to have in the field, as they will damage the crops and the soil.

He's a going concern!

BILL is ANOTHER enterprising boy who is learning to appreciate the value of saving for what he wants. Each week, he puts a part of his spare-time earnings in the bank. And is he proud of his bank book!

Many a businessman credits his success to the habit of thrift learned early in life. Planned saving has helped millions of Canadians to make the most of their own enterprise and industry.

Experience has shown that the difference between "getting along" and "getting ahead" often starts with a bank account. Use the chartered bank with a handy place to make your a safe and ready place to make your savings grow.

NEW HOLIDAY BY-LAW NEEDED
 The holiday problem is one of the most serious facing the city of St. Paul. It is a problem that has been discussed for many years, but no action has been taken. A new by-law is needed to regulate the sale of liquor on holidays.

What is so serious, last week, the Town Council passed a resolution to create a committee to study the problem. The committee is to report to the council by the end of the month.

Advocates the action of the council is of momentous and importance. It is a problem that has been discussed for many years, but no action has been taken. A new by-law is needed to regulate the sale of liquor on holidays.

"What's new?"

As we pull up at the end of his day's run, it's just his friendly way of saying "hello." But if there is some important development in town, he expects his friend the bank manager will know about it.

... phone for enlightening the school ... the chance of a new factory opening up ...

It's part of the bank man's job to know his community. His customers expect him to know "what's new" in other parts of Canada and elsewhere, too ... business facts, leads to new markets at home and abroad for firms as well as factory.

You will find your bank manager well posted, and ready to serve you. Chartered banks work that way.

The A.M.A. has taken a preliminary step in urging the provincial government to amend its laws to make it easier for dentists to obtain a license for the purpose of driving a motor vehicle.

When the semi-annual meeting of the board of directors of the A.M.A. is held in Calgary June 23, it is expected that there will be further discussion of the question of driver's tests as well as the adoption of driver training courses in the high schools which also have been suggested by the A.M.A.

The young couple had been in their first quarrel, and all evening long they had been talking about the possibility of their head as a wedding gift. The husband had said to give it "Please speak to me dead," he said "I'll admit I was wrong and you were right."

"If we don't do you any good, I replied the bride sweetly "I've changed my mind."

“Hey, there, a passing interest called to him, but he was too busy watching a tree. “Your house is on fire!”

“Where is?” the hillbilly replied without stopping.

“Well, why don’t you do something about it?”

“That’s a new,” the hillbilly replied. “Run a-pragya! for rain ever since she started.”

An Unjust Subsidy

Propane wheat used for domestic consumption is sold at the International Wheat Agreement price, whereas it should be sold at the higher Class II price, for domestic wheat does not come under the International Wheat Agreement. It is unjust, we think, to make growing farmers subsidize all the people of Canada with cheap wheat.

"No garnet for me!"

"That way, I'll be able to live a care free unworrying life later on. And my family is being protected with that same big insurance from now till the day I return.

"So I'm really sold on the idea of planning my future the big insurance way. I'm sure that

The colorful pageantry of the annual St. Juan Nepomuceno Festival is a vibrant contrast to its patron saint. Parades and feasts in cities, towns and villages recreate the legends and history of the old Province of Quezaltenango.

WORLD ABOUT Canada

The *Homes of Ingegnom* feels that the heroes of industry do not terminate at the inventory of its plants; it has a broader horizon, a further view—a view dedicated to the development of Canadian solutions in every

land of the globe.

J. H. Bedard Passes In St. Paul, Saturday

Reached by the larger death of his eldest son, John, in a fatal airplane crash, the father, Mr. J. H. Bedard, whose family had been residing in the Victoria, British Columbia, for many years, died at the age of 60, in St. Paul, Saturday, July 2nd, at the age of 60.

Mr. Bedard, like most of our people, was born in Ontario, Canada, at the small town of Markham, Ont. His name was at the age of 21 and he came to the United States, where he was employed as a railway worker. Later, in 1904, he moved to St. Paul, where he was employed as a railway worker. He was married to Mrs. Mary Bedard, who was born in St. Paul, and they have three children: John, who died in the airplane crash, and two daughters, Mrs. Mary and Mrs. Margaret.

Mr. Bedard was a member of the St. Paul Athletic Club, and he was a very active member of the club. He was a very good athlete, and he was a very good player of baseball. He was a very good player of baseball, and he was a very good player of baseball.
